

## *Silver Lining*

The 2017 growing season delivered ample rain and replenished soils after years of drought. Ideal weather at bloom yielded vigorous vines that required extra attention to ensure balance. This attentiveness resulted in a superb vintage. This 2017 Cab is exceptionally full-bodied with lingering black cherry, hints of dark chocolate and a smooth finish. It has excellent acidity and fruit expression.

Of all of the wines produced in the Napa Valley, only about 1% comes from the Mount Veeder Appellation. This is a rare wine.

Mount Veeder Magic Vineyards produces naturally low-yield Cab from 30-year old vines. All grapes are hand farmed and hand picked. Each bottle is hand labeled. The wine is masterfully crafted by one of Napa Valley's hottest Winemakers, Jeff Fontanella.

Each year, I produce only 600 -700 cases of this highly sought-after Cab. 500 of these cases are offered by invitation to wine connoisseurs who wish to have a rare wine in their private cellar.

The remaining 100 - 200 cases are available to award winning restaurants that wish to offer a rare wine to their discerning clientele. Cheers!
